Some say location is everything, we say connection is everything

Be part of Canvas Belong, a 5-year regional membership programme across Asia
Your passport into the beating heart of a place.

CANVAS BELONG Membership Programme: a new paradigm for human engagement.

"Our members are endlessly curious and open-minded, interested in elevating every aspect of their lives. Extend your network beyond borders and imagine the possibilities with our membership programme."

Members enjoy unlimited access through our Curated Experiences held in Bangkok, Hong Kong, Jakarta, Shanghai and Singapore, complimentary Accommodation at Canvas Place resorts, Lifestyle Offerings and other exclusive privileges. We act as interpreters, helping facilitate cultural dialogue and establish deep, mutually enriching relationships with our Curated Experiences.

"Developing, as we see it, is the act of reaching out to a community, engaging with the people, immersing yourself in its cultural heritage and fueling its creative energy."

Our Curated Experiences will always feature a taste maker or game changer in their respective fields, ranging from athletes to entrepreneurs, creators, designers and artists, all proud recipients of awards and accolades. A divulgence into their world inspires the generation of new ideas and reimagination of future possibilities.
